

INTELLECTUAL PROPERTY ASSIGNMENT (METHODPLUS)

This Intellectual Property Assignment (this “**Assignment**”) is made effective as of **8/13/2025** (the “**Effective Date**”), by and between **Anthony James Ackerman (“Assignor”)**, and **Voxol Universe, LLC**, a **Michigan** limited liability company with its principal place of business at **5303 Victoria Blvd, Waterford, Michigan 48327** (“**Assignee**”).

RECITALS

- Assignor conceived of and independently developed certain software and related technology known as “MethodPlus,” a configurable software-as-a-service (SaaS) data-collection platform (together with all enhancements, modifications, derivatives, documentation, data models, and related materials, the “MethodPlus IP”).
- Assignor developed the MethodPlus IP on Assignor’s own time using Assignor’s own equipment and accounts, without the use of Sidock Group, Inc.’s facilities, devices, networks, compensated employee time, or confidential information.
- Assignor desires to assign to Assignee, and Assignee desires to receive and own, all right, title, and interest in and to the MethodPlus IP.

AGREEMENT

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably assigns, transfers, and conveys to Assignee all right, title, and interest (including all worldwide copyrights, trade secrets, mask work rights, database rights, and any patentable inventions embodied therein) in and to the MethodPlus IP, including all past, present, and future claims for infringement or misappropriation related thereto, and all goodwill symbolized thereby.

2. Further Assurances. Assignor will, at Assignee’s reasonable request and expense, execute and deliver such further instruments and take such further actions as Assignee may reasonably request to evidence, perfect, or record Assignee’s rights in the MethodPlus IP.

3. Moral Rights. To the extent any moral rights or rights of attribution apply, Assignor hereby irrevocably waives and agrees not to assert such rights as against Assignee or its successors and assigns, to the maximum extent permitted by applicable law.

4. Representations and Warranties. Assignor represents and warrants that: (a) Assignor is the sole and exclusive owner of the MethodPlus IP and has not granted any assignment, license, or

other rights therein inconsistent with this Assignment; (b) the MethodPlus IP was developed independently by Assignor and not within the scope of any employment by Sidock Group, Inc., and without use of its confidential information or resources; and (c) to Assignor's knowledge, Assignor is not bound by any agreement that would prevent or impair the assignment contemplated herein.

5. Excluded Inventions. Any inventions or works identified on **Schedule A** (if any) are expressly excluded from this Assignment.

6. No Obligation to Exploit. Assignee has no obligation to commercialize, market, or otherwise exploit the MethodPlus IP.

7. Confidentiality. Assignor will maintain as confidential all nonpublic information of Assignee obtained in connection with this Assignment, and will not disclose or use such information except as authorized by Assignee in writing.

8. Consideration. The parties acknowledge and agree that this Assignment is supported by good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged.

9. Governing Law; Venue. This Assignment will be governed by and construed in accordance with the laws of the State of Michigan, without regard to its conflicts-of-law rules. Any disputes arising hereunder shall be brought in the state or federal courts located in Oakland, Michigan.

10. Miscellaneous. This Assignment may be executed in counterparts (including via electronic signatures and PDF copies), each of which will be deemed an original and all of which together will constitute one instrument. If any provision is held invalid, the remainder shall continue in full force and effect.
